A TRANSLATIONAL VIEW OF: **The new blood thinners: Evolution or revolution**

This seminar includes a clinical presentation with patient interview followed by a research presentation

SPEAKERS:

Dr. Mark Crowther

*Professor, Department of Medicine
Leo Pharma Chair in Thromboembolism*

Dr. John Eikelboom

Associate Professor, Department of Medicine

PATIENT: Ms. Jenny Brown

LEARNING OBJECTIVES:

- To understand the impact that new blood thinning drugs ("novel anticoagulants") will have on anticoagulant care
- To explore how patients are likely to perceive these new medications
- To discuss how new medications are tested and brought to market
- To review how the novel anticoagulants produce their blood-thinning effect

Department of Medicine
