## A TRANSLATIONAL VIEW OF:

# Harnessing the immune system for cancer treatment

This seminar includes a clinical presentation with patient interview followed by a research presentation

## SPEAKERS:

### **Dr. Rosalyn Juergens**

*Assistant Professor, Department of Oncology  
McMaster University*

*Adjunct Assistant Professor, Department of Oncology  
The Johns Hopkins Medical Institute*

### **Dr. Jonathan Bramson**

*Professor, Department of Pathology  
and Molecular Medicine*

*Director, McMaster Immunology Research Centre  
McMaster University*

## LEARNING OBJECTIVES:

- To discuss pathological relevance of immune infiltrates in tumors
- To illustrate the history of immune-directed therapy in cancer treatment
- To review the currently available immunotherapies in solid tumours
- To identify challenges that remain to be overcome

Department of Medicine
