## A TRANSLATIONAL VIEW OF: **Diabetes and Accelerated Aging: Can we stop or turn back the clock?**

This seminar includes a clinical presentation with patient interview followed by a research presentation

### **SPEAKERS:**

#### **Dr. Hertzel Gerstein**

*Professor and Director, Division of Endocrinology and Metabolism, Department of Medicine  
Associate Member, Department of Clinical Epidemiology and Biostatistics  
Chairholder, Population Health Institute Chair in Diabetes Research  
Deputy Director, Population Health Research Institute*

#### **Dr. Gregory Steinberg**

*Associate Professor, Division of Endocrinology and Metabolism, Department of Medicine  
Chairholder, Canada Research Chair in Metabolism, Obesity and Type 2 Diabetes*

### **LEARNING OBJECTIVES:**

- Review the long-term health consequences of diabetes
- List the therapies that reduce these consequences
- Understand how diabetes causes some of these consequences
- Learn if therapies directed at the cause can reduce these consequences

Department of Medicine
