Department of Medicine

Continuing Health
Sciences Education

Demystifying Interstitial Lung Disease.

From clinical diagnosis to basic research.

SPEAKERS:

Dr. Nathan Hambly

*Clinical Fellow,
Interstitial Lung Disease and Pulmonary Hypertension*

Dr. Asghar Naqvi

*Assistant Professor,
Department of Pathology & Molecular Medicine*

Dr. Kjetil Ask

*Assistant Professor,
Department of Medicine*

LEARNING OBJECTIVES:

- Develop a clinical approach to interstitial lung disease.
- Understand the role of the pathologist in the diagnosis of interstitial lung disease
- Examine the natural history and progression of interstitial lung disease
- Explore how basic research can help identify cellular and molecular pathways involved in interstitial lung disease
